UPDATE

NOVEMBER 2000

INDIANAPOLIS

GREENWAYS

PLAN

MISSION STATEMENT

The Indianapolis Greenways System will:

- Provide opportunities for recreation and fitness trail activities.
- Protect important wildlife habitat and promote the conservation of open space, forests and wetland areas.
- Link Indianapolis neighborhoods with each other and with parks and other community assets.
- Educate the public about the importance of the natural environment of the Greenways System.
- Become an economic asset to the community by promoting economic development and by making Indianapolis a desirable place where new businesses can locate.
